PROFESIONAL PROFILE

A graduate of Telkom School Malang with expertise in software engineering. Currently, I work as a QA Engineer and am pursuing a Bachelor's degree in Informatics Engineering. I have a strong passion for learning and continuous growth, and I am ready to contribute to an innovative and collaborative work environment.

WORK EXPERIENCE

MOBILE DEVELOPER & QA/QC SOFTWARE ENGINEER

PT KANO TEKNOLOGI UTAMA | JUL 2021 – SEP 2021

- Implementing business logic, interface interactions, and application functionalities using Java and Kotlin.
- Focusing on responsive programming techniques to ensure smooth operation across different devices and screen sizes.
- Collaborating with development teams to integrate QA/QC processes seamlessly into the software development lifecycle.

SOFTWARE QUALITY ASSURANCE ENGINEER

PT PARAMADAKSA TEKNOLOGI NUSANTARA (NEXSOFT) | OKT 2022 – NOW

- Playing a key role in manual and automation testing (Katalon) to ensure optimal quality on both web and mobile platforms, including functional, performance, and security testing.
- Involved in the finance project "NexFin," responsible for manual testing including verification of calculations, data matching with the Functional Specification Document (FSD), and creation of accurate Test Data.
- Managing testing of financial applications with a focus on bug identification, detailed testing report generation, providing feedback to the development team, and ensuring compliance with financial regulations.
